

Sheer
Driving Pleasure

ORIGINAL BMW ACCESSORIES.
BMW 5 SERIES, BMW X5 AND BMW X6.

THE NEXT
100 YEARS 

THE ONLY WAY: MAKE THE BEST BETTER.

This brochure presents a wide range of elegant extras in four sections, allowing you to complement and enhance your vehicle in distinctively individual style – and fine-tune its striking presence to the smallest detail.

Only Original BMW Accessories are perfectly adapted to your BMW in terms of design, functionality, quality and performance. Every product fits seamlessly with your model while also meeting the very highest demands. So when it comes to accessories, there is no need to compromise – choose BMW.

Selected BMW Accessories can be experienced online in sound and images – simply download the BMW brochure app for your device.

Depending on your mobile phone contract, costs may be incurred.

The BMW brand celebrated its 100th anniversary in 2016. Find out more at www.next100.bmw

ONE OF LIFE'S GIVENS: YOUR INDIVIDUAL REQUIREMENTS.

When you choose your own light alloy wheels, you are giving your BMW its own distinctive character. Our wide range of Original BMW complete wheel sets in various sizes give you all the freedom you need to make this personal statement. And the examples shown here are just the start.

All Original BMW complete wheels are fitted with star-marked tyres with run-flat properties and RDC sensors. More details are available from your dealer or through the internet.

M PERFORMANCE PARTS

BMW M Performance Parts is the name given to an exclusive accessories programme that allows you to make your BMW even more sporty. Retrofit components in the drivetrain, suspension, aerodynamics and cockpit categories are perfectly adapted to your vehicle, enabling you to individualise its dynamic character just as you wish.

1 Front attachment, carbon (5 Series)

The front attachment in 100% carbon ensures optimum aerodynamic values and accentuates the vehicle's masculine appearance.

2 Tailpipe trim, carbon (5 Series)

An eight-cylinder look, carbon sleeves and other design features give the tailpipe trim a particularly solid and powerful appearance.

3 20" Double-spoke style 669 M (5 Series)

BMW M Performance light alloy wheels, forged, in Bicolour matt Black (3.1) and milled and burnished on the visible sides. Also available in Orbit Grey (3.2). Both colour variants feature the M logo.

3 Retrofit Sport brakes kit (5 Series)

For short stopping distances, even under high thermal loads: high-performance Sport brakes with inner-vented Sport brake discs. In dynamic BMW M Performance Red.

4 21" Double-spoke style 599 M (X5/X6)

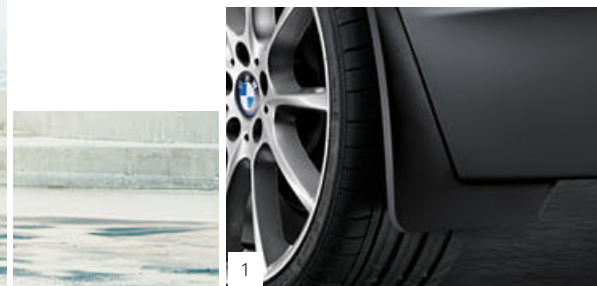

BMW M Performance light alloy wheels finished in Bicolour matt Orbit Grey, burnished on the visible sides and featuring rolled rim bases and the BMW M logo.

5 21" Double-spoke style 310 M (X5/X6)

BMW M Performance light alloy wheels in Bicolour Ferric Grey, burnished on the visible sides and with the four-colour M logo.

M PERFORMANCE PARTS

COMPLETE WHEELS BMW 5 SERIES

1 Mud flaps

Protecting both your own vehicle and those following from dirt and stone chips. Available for the front and rear.

2 20" Cross-spoke style 636

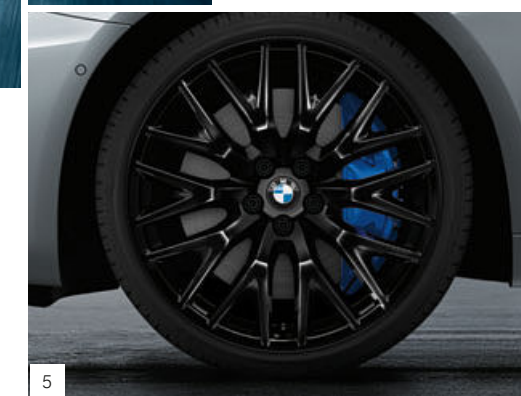

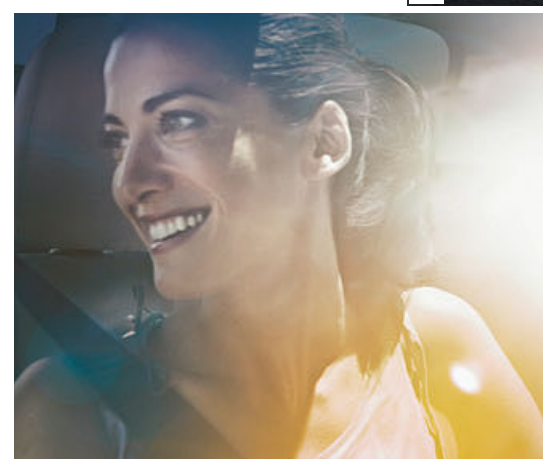

Light alloy wheels in Bicolour Orbit Grey and burnished on the visible sides.

3 Accent line transfers

Two parallel, flowing stripes in matt Ferric Grey add an extra dynamic touch above the swage lines.

4 Side skirt transfers

The fine accent line in matt Ferric Grey and the BMW logo in Orbit Grey underscore the sportiness of the vehicle.

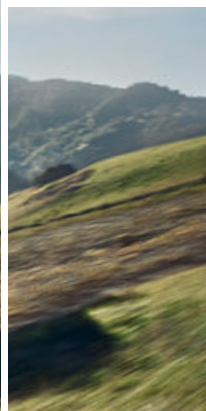

5 20" Cross-spoke style 636

In Liquid Black and featuring rolled rim bases.

6 19" Double-spoke style 664 M

Light alloy wheels in non-metallic Jet Black.

COMPLETE WHEELS BMW X5/X6

1 21" Star-spoke style 128

In Liquid Black and with a high-gloss look that highlights the sportiness of the vehicle.

2 21" Double-spoke style 215

Light alloy wheels in Ferric Grey (2) or gloss Black combined with five double spokes for an exclusive and sporty look.

3 21" Y-spoke style 627

Light alloy wheels in Bicolour Cerium Grey, burnished on the visible sides and featuring weight-optimised, rolled rim bases.

4 21" Y-spoke style 375

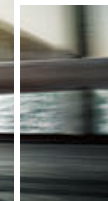

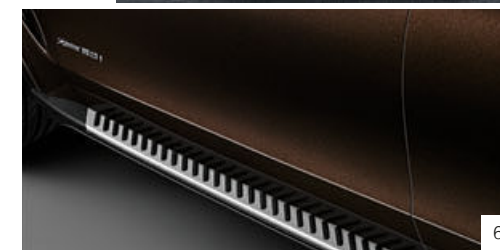

Light alloy wheels in Bicolour Ferric Grey, burnished on the visible sides and featuring BMW Performance lettering.

5 Mud flaps

The mud flaps protect both your own vehicle and those following from dirt and stone chips. Optimally adapted to the vehicle design, they accentuate the striking BMW look and impressively underscore the off-road character.

6 Aluminium running boards

In brushed, anodized aluminium and finished in Cerium Grey, the aluminium running boards add a particularly striking note while also enabling comfortable access.

MAKE YOURSELF AT HOME ON THE ROAD.

When travelling itself puts you in high spirits, you'll always arrive relaxed. Sheer Driving Pleasure is a given in your BMW but you can always raise the game by being prepared with all the important practicalities for your journey. That way, you will always be ready for whatever you may encounter. Which is where Original BMW Accessories come in – easy to use and highly functional, they offer a wealth of solutions for your everyday challenges and make your driving experience even more enjoyable.

TRAVEL & COMFORT SYSTEM

The Travel & Comfort system combines a broad range of mounting solutions in a single, practical unit, contributing to even more comfort inside the car. The system's central component is the base carrier, which is mounted between the headrest bars. This features plug-in connectors, enabling quick and easy attachment of the following special equipment.

1 Universal hook

For carrying pieces of clothing or light bags at the rear of the backrest.

2 Folding table

With an attractive BMW design, adjustable for height and angle and featuring an additional integrated cupholder.

3 Clothes hanger

This allows you to hang items of clothing on the rear side of the backrest. It can also be used outside of the car.

4 Universal holder for tablets

The practical Universal holder is adjustable and attaches to the separately available Travel & Comfort system. It provides secure hold for various Apple or Samsung tablets with the Travel & Comfort tablet safety case from seven to 12 inches and can be placed in the desired position thanks to its 360° rotating frame with angle adjustment.

See the Travel & Comfort system in action, and on film, in the BMW brochure app.

1

1 Travel rug

Whether it's to keep you warm or simply something to snuggle up to, this travel rug in beige/dark brown offers all the versatility you need. It also elegantly underscores the comfortable atmosphere in the vehicle. Made in 100% high-quality, extra-fine Merino wool and with a jacquard weave.

2 Sunblind

The sunblind for the rear side windows can even be used when the window is open. Thanks to its perfectly fitting design, it is particularly useful for protecting children from direct sunlight. It also helps to reduce the temperature in the vehicle.

2

3

3 Group 2/3 Junior Seat

A seat that "grows" with children from around three to 12 years of age (approx. 15–36kg). It features ISOFIX connectors and patented airpads for particularly high impact protection for the head area. Additionally, a patented height and width adjustment feature can be operated with one hand and an included rucksack can be used for carrying the folded seat.

4 Group 1 Junior Seat

The BMW Group 1 Junior Seat is the safe choice for children aged approx. 12 months to four years (approx. 9–18kg) when teamed with the ISOFIX base, available separately. The seat offers the highest possible level of safety in the event of an accident, particularly when facing backwards. Patented air pads provide exceptional protection against impact to the head area.

4

5 Group 0+ Baby Seat

This ergonomic seat provides optimum safety for babies up to around 13kg (approx. 15 months). Patented air pads guarantee exceptional protection against impact to the head area. The seat is attached either to the separately available ISOFIX base or using a three-point seat belt.

5

1 All-weather floor mats (X5/X6)

The precisely fitting, hard-wearing and elegantly designed mats protect the footwells from damp and dirt. Finished in black and with high-quality stainless steel inserts.

1 LED doorsill finishers (X5/X6)

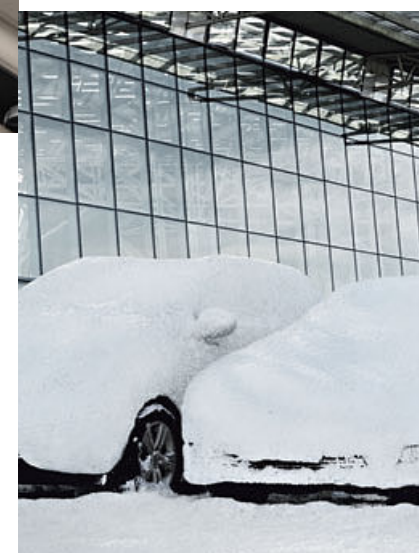

The sophisticated doorsill finishers with illuminated BMW lettering automatically emit a discreet light when the doors are opened. The high-performance batteries for the LED lights last for up to three years and changing them is just as easy as installing the finishers.

2 All-weather floor mats (5 Series)

Precisely fitting protection against damp, dirt and waterlogging in the front and rear footwells. In black and with stainless steel inlays, the mats are a perfect match with the interior.

3 Floor liners (5 Series)

The precisely fitting, hard-wearing floor liners with their wide, raised edging and special water grooves protect the front and rear footwells from damp and dirt. In black and featuring stainless steel inlays in the shape of the number 5.

4 Key case

The key case in high-quality leather is firmly attached to the key by means of a stylish stainless steel clasp. It protects against scratches, dirt and moisture and prevents buttons from accidentally being pressed. Available in various colours.

5 LED door projectors

When the door is opened, the graphic of your choice is projected onto the ground next to the vehicle, perfectly illuminating the entry area.

6 M Performance Alcantara steering wheel with carbon trim

The steering wheel's Alcantara cover creates a motor sport atmosphere and offers outstanding grip as well as a pleasant feel.

7 Auxiliary heater

The high-performance auxiliary heater for petrol and diesel engines ensures a comfortable interior temperature before the drive even begins, and without icy or fogged windows. It can be activated via the Head Unit, iDrive (using the built-in monitor) or optionally by a separately available remote control.

PERFECTLY NETWORKED: EXPECTATION MET.

When you've got good contacts, it makes sense to keep in touch. Which is where our accessories for digital communications and information come in. These tailor-made, optimally designed solutions allow you to stay connected with who and what matters most when you're the move in your BMW. Features range from a Snap-in adapter for specific mobile phones right through to a vehicle monitoring system.

1 Activity Key

The innovative and compact Activity Key is available in either Style! (1.1) or Sport (1.2) versions and is used to lock/unlock the vehicle and start its engine. Thanks to a modular overall concept, it can be carried using a clip (1.3), key ring or wrist band, special extras that come with the Accessory Box.

2 Advanced Car Eye²

The BMW Advanced Car Eye consists of a high-sensitivity full-HD front camera and a rear windscreen camera. This detects impact during critical driving, parking and even break-in situations and, even at night, independently captures a detailed video recording from the vehicle's perspective.

3 On-ear wireless headphones

The digital on-ear wireless headphones offer an exclusive way to enhance the enjoyment of music or movies. Specially adapted to the new BMW rear entertainment systems, their outstanding, interference-free sound quality and full base guarantee immersive enjoyment.

¹ Available from end 2017.

² The admissibility of the recording and utilisation of the video recordings depends on the legal regulations of the respective country. Please confirm the specific requirements before commencing a journey. Responsibility for use and compliance with applicable regulations in each country lies with the user.

1 Media adapter for Apple iPod/iPhone

For individualised entertainment, as well as charging, compatible Apple™ devices such as an iPod™ or iPhone™ can be integrated into the car using the Media adapter. This shows an album's cover art and plays music and videos. It can be operated directly using the car's built-in system.

2 Universal snap-in adapter with clip holder

The Universal snap-in adapter provides secure docking and quick charging of Apple devices with a Lightning connector as well as playback of stored music. Depending on the vehicle and its equipment, album covers can also be shown in the on-board display.

3 Click & Drive system

The BMW Click & Drive system enables the reversible attachment and charging of smartphones in the vehicle. Thanks to a variable universal clip and a 360° ball mounting, any smartphone up to 78mm in width can be securely mounted and used to its full extent.

4 Wireless charging case

The wireless charging case enables inductive charging of the Apple iPhone™ 5/5s upwards. The innovative mobile phone case is compatible with all Qi-certified charging devices and also protects the phone.

5 Dual USB charging adapter

The BMW dual USB charging adapter simply inserts into the cigarette lighter. This allows two external mobile devices to be easily and conveniently charged at the same time. The high current charges the likes of smartphones and mp3 players very quickly.

SOLID SENSE: BIG PLANS NEED THE BEST LOGISTICS.

Whatever your plans may be, BMW is likely to have the perfect logistical solution. Whether you've got a great deal of kit or just a small piece of luggage, carrying it should be secure, comfortable and, not least, as elegant as possible. Which is why all of our transportation products are tailored precisely to the dimensions of your BMW – from the 520-litre capacity roof box to clever ways to keep those small items in order.

1

ROOF RACK SYSTEMS

The BMW roof and rail carriers are optimised for all BMW roof racks and roof boxes. They are particularly easy to fit and, with their robust construction and anti-theft locking systems, meet the highest safety and quality standards.

1 Roof box 320

For up to five pairs of skis and compatible with all BMW roof rack systems. With a two-sided opening system and triple central locking on each side.

3 Roof box 520

Lockable roof box, can be opened from both sides, in Black/Titanium Silver, 520-litre capacity. Fits all BMW roof rack systems.

2 Roof box 420

420-litre capacity lockable roof box with double-sided opening system. In Black/Titanium Silver and suitable for all BMW roof rack systems.

2

Watch the video clip in the BMW brochures app for help with mounting and setting up BMW roof rack systems.

3

1 Ski and snowboard holder, lockable

The lockable ski and snowboard holder is compatible with all BMW roof rack systems and can be used in a variety of ways. Up to six pairs of skis, four pairs of skis with ski poles or two snowboards and two pairs of skis with poles can be securely transported on the car roof.

2 Surfboard holder

The holder features an innovative attachment system that makes it particularly easy to handle. It can be used to securely mount a surfboard and mast on all BMW roof rack systems.

3 Rear bicycle rack Pro 2.0

The Pro 2.0 rear bicycle rack is lightweight yet sturdy and can carry up to 60kg. Exceptionally easy to use, it carries two bicycles or e-bikes (can be extended to accommodate three bicycles). Its tilt function also allows easy access to the luggage compartment at all times.

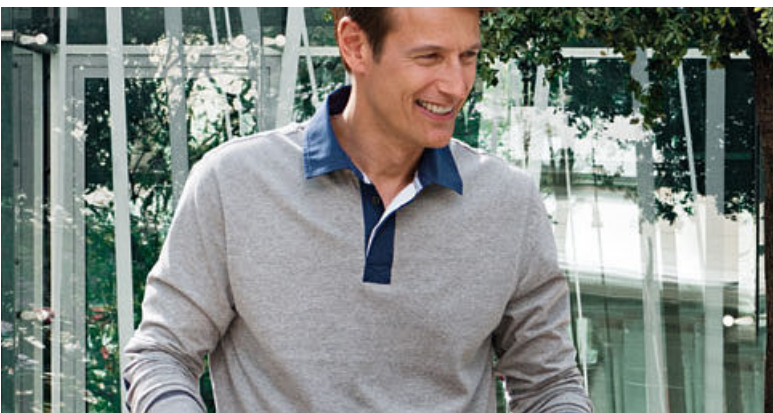

4 Touring cycle holder, lockable

High-strength, lockable touring cycle holder for the secure transport of a racing, touring, child's or mountain bike up to a maximum of 22.5kg.

5 Racing cycle holder, lockable

The racing cycle holder is suitable for all BMW roof rack systems. It allows for the secure transport of up to four racing bikes. To attach the bikes, the quick-release front wheels have to be removed. The separately available front-wheel holder makes it possible to fasten these wheels to the BMW roof rack system.

1 Fitted luggage compartment mat

The durable, anti-slip and water-resistant mat protects the luggage compartment from dirt and moisture. For the BMW 5 Series, it features the number 5 as a stainless steel inlay (1.1), while the BMW X5 and BMW X6 versions have stainless steel inlays with BMW lettering (1.2).

2 Loading sill mat

The durable mat protects the loading sill during loading and unloading as well as the luggage compartment from scratches and dirt. It is attached to the rear fastening points using moveable velcro strips and can also function as an anti-slip mat for the luggage area.

2 Folding box

The folding box, with its load capacity of up to 20kg, can be used to store smaller items or as a shopping crate. It can be effortlessly folded and unfolded thanks to Velcro strips, is slip-resistant and easily stored to save space when not in use. Available in black or black/red.

3

3 Luggage compartment floor net

The luggage compartment floor net quickly and easily prevents loose baggage and smaller objects from shifting in the luggage area. The black netting with integrated S-hooks is easily secured to the luggage compartment's built-in fastening points so it's always ready for use.

4 Loading sill protective film (5 Series)

Loading sill protection is provided by a special transparent film. Precisely tailored to the vehicle, it effectively reduces damage to the painted rear bumper that can be caused while loading and unloading items such as heavy or bulky luggage.

4

NO QUESTION: GREAT CARE KEEPS YOUR BMW ON FORM.

Original Care Products from BMW ensure that high-quality BMW paint finishes maintain their colour and shine year after year, and fine surfaces such as leather and wood retain their natural appeal. This comprehensive premium care range is specially adapted to the different materials of your vehicle – for gentle, effective cleaning and a prestigious appearance at all times.

Based on natural essential oils, BMW Natural Air provides a fresh, fragrant atmosphere inside your vehicle. The holder is quick and easy to attach and colour-matched to the interior. The fragrance sticks are fluid-free and interchangeable and there is a choice of three aromas, each manually adjustable for intensity.

WITHOUT A DOUBT: THE BEST SERVICE IS A QUESTION OF COMPETENCE.

The specialists at your authorised BMW Service Partner offer true peace of mind when it comes to servicing and repair. Not only are they highly qualified, but they also work with state-of-the-art diagnostic equipment and repair technologies. This means that your vehicle emerges from its service technically and visually as new. Thanks to the BMW Service Inclusive package for specific services, you don't have to worry about costs associated with maintenance and wear either. This level of care means that your BMW holds a high value and also has a longer service life. And for you, it means endless driving enjoyment.
