Sheer  
Driving Pleasure

# ORIGINAL BMW ACCESSORIES.

BMW 3 SERIES, BMW 4 SERIES,  
BMW X3, BMW X4 AND BMW Z4.

THE NEXT  
100 YEARS

## FUEL FOR THE FORWARD-THINKER: CHARGING.

**Charging into the future:** three versions of the BMW i Wallbox make charging at home a technological pleasure. The base model BMW i Wallbox reduces charging time by 25 per cent and pre-heats or cools the vehicle. The Wallbox Plus and Wallbox Connect offer, along with quick and convenient charging, additional functions including locking, user access by RFID card, app control and connection to a photovoltaic system. For more information and BMW i Accessories such as the AC fast-charge cable for public charging stations can be provided by your BMW partner.

## MORE DIVERSITY FOR EVERY SITUATION.

Every BMW is fitted with driving pleasure as standard. The pleasure can be made even more enjoyable, however, with **Original BMW Accessories**. A wide range of individual extras and enhancements are perfectly matched to your vehicle in terms of quality, design, performance potential and maximising value – whatever your wishes.

The following images and information, divided into four categories, will help ensure that you make exactly the right choice every time. Enjoy browsing.

Selected BMW Accessories can be experienced in sight and sound online – simply download the BMW brochure app for your device.

Expected to be available from the fourth quarter of 2016.  
Costs may be incurred, depending on your mobile contract.

BMW stands for Sheer Driving Pleasure. But best of all, it stands for your own individual form of driving pleasure. Discover a world of diversity at [next100.bmw](http://next100.bmw)

# MORE WAYS TO LOOK YOUR BEST.

From aerodynamic fine-tuning to cutting-edge light alloy wheels – give your BMW an even more individual appearance. Wheels, in particular, strongly influence the look of a vehicle. This is why we offer a wide range of complete wheel sets in various sizes. The tyres are perfectly adapted to the driving dynamics of your BMW and, when bought from your BMW partner, come with a 36-month guarantee. For more details, see:

## M PERFORMANCE

If you'd like to make your BMW a touch sportier, you are on exactly the right track with M Performance. Original BMW M Performance Parts are inspired by long-standing motorsport experience and offer maximum dynamics and durability. Find out more about M Performance on page 28.

### 1 Tailpipe trim, chrome or carbon

Accentuate the individual character of your BMW. Thermally decoupled and with prominent BMW M logo. Only in conjunction with the BMW M Performance silencer system.

### 2 Front grille, black

The black kidney grille, in tear and dent-resistant plastic, is a bold and striking sign of the car's individuality. Black slats in a high-gloss black frame emphasise the athletic character of the BMW and make the grille a visual highlight in itself.

### 2 Wing mirror caps, carbon

Meticulously hand-crafted in 100% carbon: the striking wing mirror caps highlight the technologically advanced character of the vehicle. Their dynamic design ensures a particularly high-quality look and creates an individual, sporty accent.

### 3 20" Double-spoke style 405 M (3 Series/4 Series)

Forged, in Bicolour Orbit Grey, burnished on the visible sides and finished with the BMW M logo.

### 4 20" Double-spoke style 624 M (3 Series/4 Series)

Forged and polished (4) or forged, in Bicolour matt Black, milled and featuring the BMW M logo.

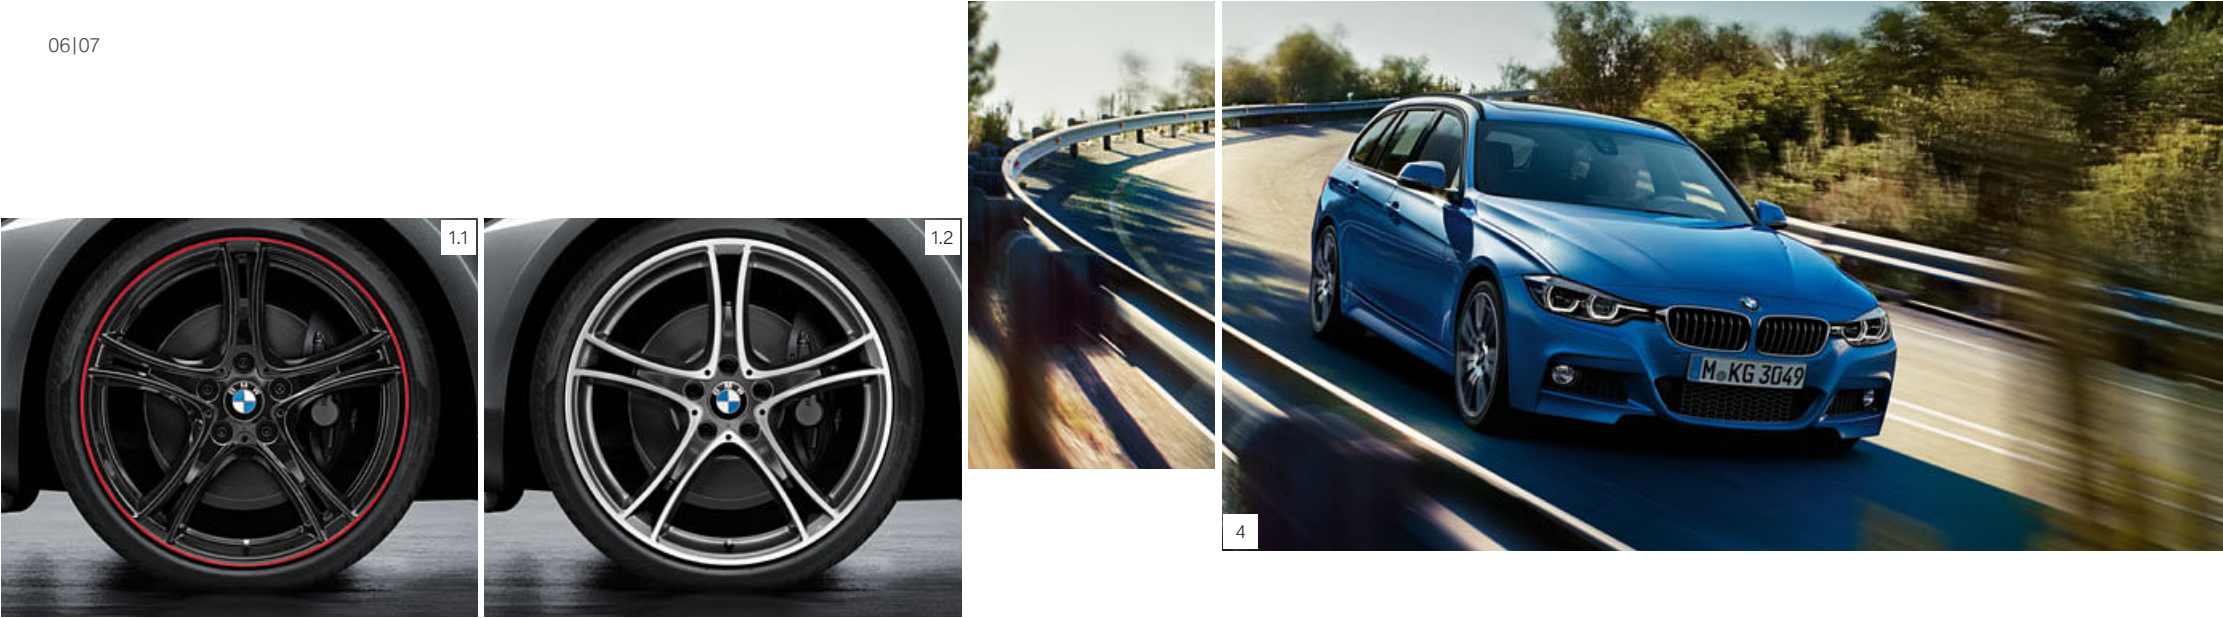

### 5 20" Double-spoke style 310 M (X3/X4)

In Bicolour Orbit Grey, visible on the burnished sides and featuring the BMW M logo.

### 6 21" Double-spoke style 599 M (X3/X4)

In Bicolour matt Black, burnished on the visible sides and with the BMW M logo.

## LIGHT ALLOY WHEELS BMW 3 SERIES/4 SERIES

### 1 20" Double-spoke style 361

In Bicolour matt Black with Red border (1.1) or Bicolour Ferric Grey and burnished on the visible sides (1.2) for an even more dynamic profile.

### 2 20" Star-spoke style 660

In Bicolour Orbit Grey and with a burnished finish on the visible sides. With their two-colour look, they give the vehicle a strikingly sporty touch.

### 2 Design retaining clips

These are made in high-quality spring steel, painted in a classic grey and feature the BMW logo. They replace the standard retaining clips and, with the open-wheel design, make the brake calipers look even more incisive. Available in sets of two or four.

### 3 19" Double-spoke style 598 M

In Bicolour Orbit Grey, burnished on the visible sides and with the BMW M logo.

### 4 M Aerodynamics package

The M Aerodynamics package visually accentuates the sportiness of the vehicle. It comprises a front apron with enlarged air inlets, special side skirts and a rear apron with a diffuser insert in Dark Shadow metallic.

### 5 20" Cross-spoke style 404

In Bicolour Black, with a burnished finish on the visible sides and featuring corrosion protection.

### 6 18" Multi-spoke style 416

In Reflex Silver and burnished on the visible sides.

### 7 19" Multi-spoke style 399

In Bicolour and with a burnished finish.

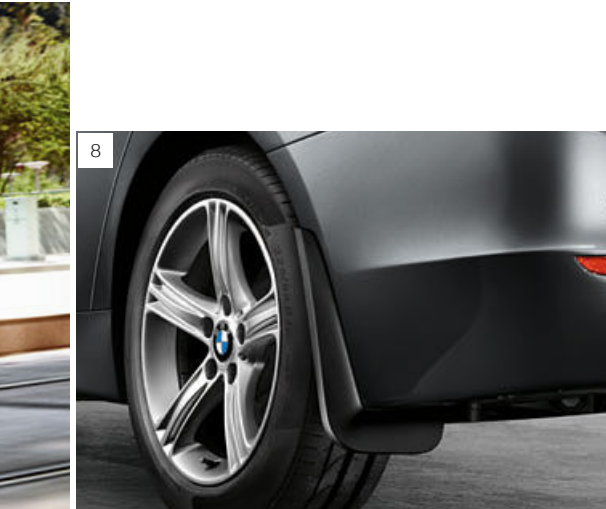

### 8 Mud flaps

The robust black mud flaps protect both your vehicle and those following you from dirt and stone chips. They are optimally matched to the vehicle's design, impressively accentuate the striking BMW look and are available in sets for the front and rear axles.

### Locking wheel bolts

This set comprises four locking wheel bolts with BMW coding. The bolts can only be opened using the supplied tool and consequently provide exceptional protection.

# LIGHT ALLOY WHEELS BMW X3/X4

**1 20" Y-spoke style 542**  
In Bicolour matt Black and burnished on the visible sides.

**2 17" Y-spoke style 305**  
With a look that highlights the vehicle's compellingly sporty appearance.

**3 Mud flaps**  
The robust black mud flaps protect both your vehicle and those following you from dirt and stone chips. They are optimally matched to the vehicle's design, impressively accentuate the striking BMW look and are available in sets for the front and rear axles.

**Locking wheel bolts**  
This set comprises four locking wheel bolts with BMW coding. The bolts can only be opened using the supplied tool and consequently provide exceptional protection.

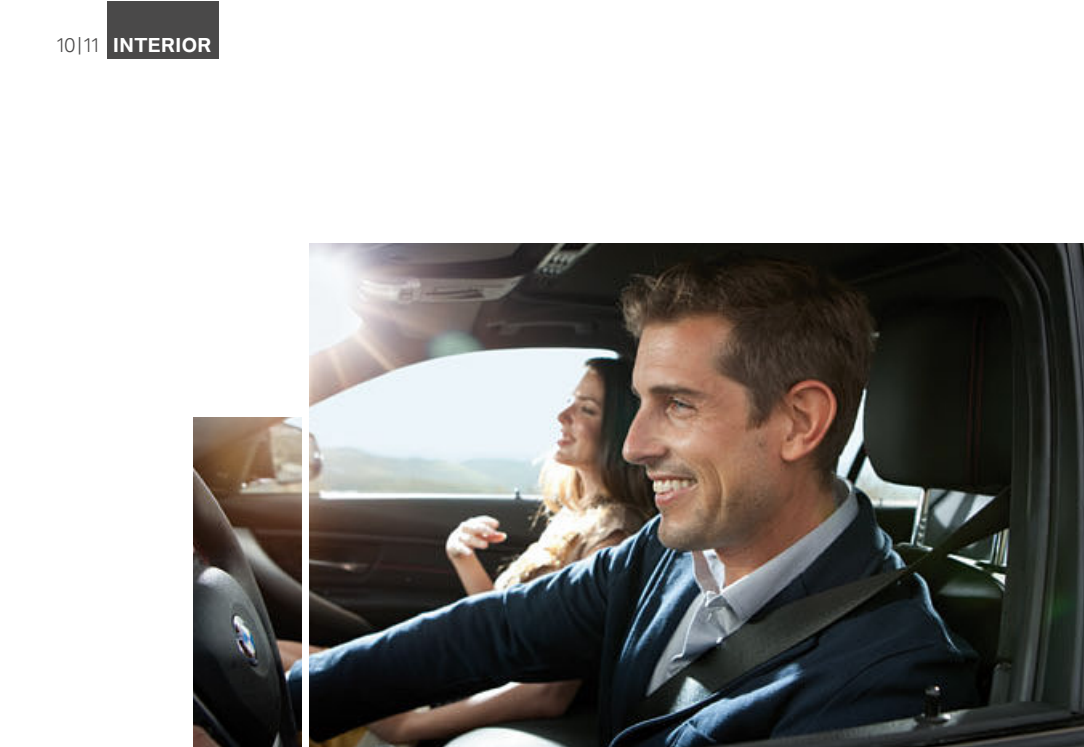

**4 19" Double-spoke style 369 M**  
Cast and featuring the BMW M logo.

**5 18" Star-spoke style 368 M**  
For a particularly elegant and sporty look.

**6 20" Star-spoke style 311**  
Finished in Silver and with visible wheel bolts for a sporty look.

## MORE FREEDOM ON THE INSIDE.

When you travel long and often, intelligent solutions make the time spent in your BMW as relaxing as possible – and it's up to you if the interior is a luxury retreat, a mobile office or a practical travel centre.

## TRAVEL & COMFORT SYSTEM

The Travel & Comfort system combines a broad range of mounting solutions in a single, practical unit, contributing to even more comfort inside the car. The system's central component is the base carrier, which is mounted between the headrest bars. This features plug-in connectors, enabling quick and easy attachment of the following special equipment.

### 1 Universal holder for tablets

Secure hold for tablets in a safety case. The adjustable holder can be rotated by 360° and locked in your desired position.

### 2 Clothes hanger

Can also be used outside of the vehicle

### 3 Universal hook

For carrying pieces of clothing or light bags at the rear of the backrest.

### 4 Folding table

In a stylish BMW design, the folding table can be adjusted for height and angle. It also features an integrated cupholder with a chrome ring.

### 5 Holder for GoPro camera

Offers secure mounting for all GoPro action cameras. When in the holder, the camera can be rotated 360° and operated by app or – depending on equipment – the iDrive Controller.

See the Travel & Comfort system in action, and on film, on the BMW brochure app.

#### 1 Sunblind

The sunblind is available for the rear windscreen (1.2) and the rear side windows (1.1) where it can also be used when the window is open. Thanks to its perfectly fitting design, it is particularly useful for protecting children from direct sunlight. It also helps to reduce the temperature in the vehicle.

#### 2 Backrest bag

Bag in flecked black/grey with storage space for various items. The bag attaches to the front seat and can be folded up and carried.

#### 3 Storage bag, rear

The bag, available in black, black/Anthracite, black/red or black/beige is attached to the centre safety belt and can serve as an armrest in the rear. It offers a great deal of storage space, as well as two cup holders, and can be comfortably carried using the integrated shoulder strap.

#### 4 Group 0+ Baby Seat

Baby seat with patented airpads for infants up to around 13kg (approx. 15 months). It can be fitted securely using either the separately available ISOFIX base or the safety belt.

#### 5 Backrest protector and child seat underlay

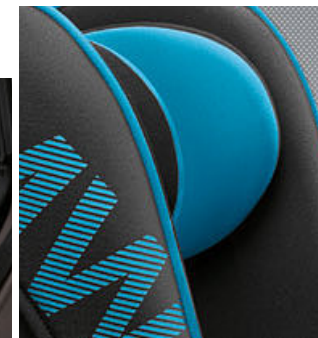

The child seat underlay protects the car seat from dirt and imprints made by the child seats. The backrest protector also prevents dirt and potential damage.

#### 6 Group 2/3 Junior Seat

A seat that “grows” with children from around three to 12 years of age (approx. 15-36kg). It features ISOFIX connectors and patented airpads for particularly high impact protection for the head area. Additionally, a patented height and width adjustment feature can be operated with one hand and an included rucksack can be used for carrying the folded seat.

#### 7 Group 1 Junior Seat

Seats with patented airpads for children from around 12 months to four years of age (approx. 9-18kg). It is fitted securely using the separately available ISOFIX base.

See the video in the BMW brochures app for more information on the safety features and functions of the baby and child seats.

**1 M Performance floor mats**

With BMW M Performance lettering. The dynamic design is an excellent match with the pedal covers. Dirt-resistant and waterproof.

**2 All-weather floor mats**

The perfectly fitting, durable all-weather mats with their raised bordering and elegant design not only protect the footwells from damp and dirt, but also keep feet from getting wet. They are available in black (2.1), black/red, black/beige or black with metal inlay (2.2) for the front and rear footwells.

**3 LED doorsill finishers**

Featuring BMW lettering backlit in bright white, the LED doorsill finishers guarantee an impressive entrance. Sophisticated design and a high-quality stainless steel look further accentuate the exclusive impression. An integrated battery and a magnetic switch allow cable-free operation.

**4 Textile floor mats**

The precisely fitting textile floor mats for the front and rear footwells are available in black, black/beige or black/red. They provide reliable protection from dirt and damp and, depending on version, feature either a metal inlay or additional heel protection.

**4 M footrest**

For a dynamic impression in the footwell. Can only be retrofitted on left-hand-drive vehicles without the M Sport package.

**5 Velour floor mats**

The precisely fitting mats are made in water- and dirt-resistant material, reliably protect the footwells from soiling and moisture and blend perfectly with the interior design. Sets for the front and rear footwells are available in either Anthracite, Oyster or Beige.

1

### 1 Key case

The key case, made from high-quality leather, is attached to the key with a stylish metal clasp. It protects against scratches, dirt and moisture and prevents the driver from accidentally pressing the buttons. Finished in black, it also makes for a perfect match with the BMW interior.

### 2 Auxiliary heater

The high-performance auxiliary heater ensures a comfortable temperature in the car's interior before the drive begins, and without icy or fogged windows. It can be controlled with the remote control T91 or T100, or (regardless of distance) by mobile phone or a compatible smartphone with the BMW Thermo Call app.

2

3

### 3 Natural Air

BMW Natural Air comprises six interchangeable fragrance sticks and a special adjustable holder for all BMW models. The fragrances Purifying Green Tea, Energizing Tonic, Balancing Amber, Vitalizing Woods, Harmonizing Flowers and Sparkling Raindrops can be selected as desired.

### 4 LED interior lighting package

This package offers long-life, low-energy bulbs with the same light-emission characteristics and a contemporary daylight white for replacing the roof lights (set of four); the roof, footwell and door lights (set of 10); or all interior lights with C5W bulbs (set of two).

### 5 LED luggage compartment light

The easy-to-fit BMW LED luggage compartment light generates five times greater illumination intensity than standard lighting. This, combined with optimised light distribution, guarantees sufficient illumination of the luggage compartment even in poorly lit garages or car parks.

### 6 LED door projectors

When the door is opened, the graphic of your choice is projected onto the ground next to the vehicle, perfectly illuminating the entry area.

4

6

See the animation in the BMW brochures app for more information about BMW lighting products.

# MORE CHANNELS FOR MORE COMMUNICATION.

The world is become more and more connected – and your BMW is perfectly in tune with what's going on. Our digital communication and information features transform your BMW into a future-proofed interface between the internet and a host of mobile applications – from the snap-in adapter for mobile phones to visual monitoring of the vehicle.

## 1 Dual USB charging adapter

The BMW dual USB charging adapter simply inserts into the cigarette lighter. This allows two external mobile devices to be easily and conveniently charged at the same time. The high current charges the likes of smartphones and mp3 players very quickly.

## 2 Connect Universal snap-in adapter

Various snap-in adapters are available for many current mobile phones. They can be used for making calls, charging, connecting to the aerial and holding phones.

## 3 USB adapter/Micro-USB adapter

This allows you to integrate digital music from compatible Apple iPod and iPhone devices while simultaneously charging them. It can be operated via the iDrive Controller, multifunction buttons on the steering wheel or the radio. The same functionality is offered by the Micro-USB adapter for audio sources such as mp3 players and other smartphones.

#### 1 Advanced Car Eye<sup>1</sup>

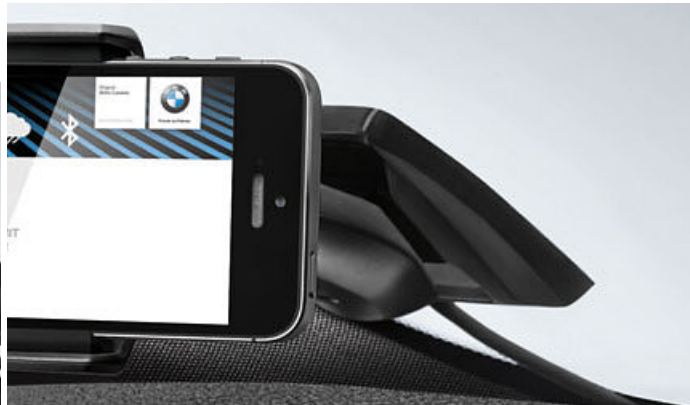

The BMW Advanced Car Eye consists of a high-sensitivity full-HD front camera and a rear windscreen camera. This detects impact during critical driving, parking and even break-in situations and, even at night, independently captures a detailed video recording from the vehicle's perspective.

#### 2 Battery charger

The 7-amp battery charger can be quickly and conveniently operated and used for long periods. As well as providing fully automatic, eight-level charging with selectable current, it can be used for battery diagnosis and recharging deeply discharged batteries.

#### 3 Click & Drive system

The BMW Click & Drive system enables the reversible attachment and charging of smartphones in the vehicle. Thanks to a variable universal clip and a 360° ball mounting, any smartphone up to 78mm in width can be securely mounted and used to its full extent.

#### 4 Coolbag

The elegantly proportioned coolbag in black and Anthracite has a capacity of 14 litres. When connected to the on-board power outlet, its inbuilt cooling system chills the inside of the bag by up to 18°C below the temperature of the vehicle interior.

#### 5 Head-Up Screen

The BMW Head-Up Screen transmits relevant driver and – in conjunction with a smartphone and the Garmin app – navigation information into the driver's line of sight, so focus can remain on the road ahead. The transparent display is very easy to read, even in direct sunlight.

#### 6 Digital road maps

Regular updating of the digital roadmaps helps to reliably ensure that you reach your destination as well as full functionality of the navigation system. Taking the optimum route also saves time and fuel. Updates are available individually or as part of a two-year subscription.

<sup>1</sup> The admissibility of the recording and utilisation of the video recordings depends on the legal regulations of the respective country. Please confirm the specific requirements before commencing a journey. Responsibility for use and compliance with applicable regulations in each country lies with the user.

# MORE WAYS TO SECURE THE EXTRA CARGO.

Do you ever wish you had extra storage space or ways to secure extra bits and pieces of baggage in the holiday season or for your sports activities? If so, we have a host of secure, convenient and, not least, elegant solutions tailor-made for your BMW – from the capacious 520-litre roof box to clever ideas on a smaller, no-less useful, scale.

Watch the video clip in the BMW brochures app for help with mounting and setting up BMW roof rack systems.

## ROOF RACK SYSTEMS

The BMW roof and rail carriers are optimised for all BMW roof racks and roof boxes. They are particularly easy to fit and, with their robust construction and anti-theft locking systems, meet the highest safety and quality standards.

### 1 Roof box 520

Lockable roof box in black/titanium silver, 520-litre capacity, opens from both sides; suitable for all BMW roof rack systems.

### 2 Roof box 460

460-litre lockable roof box with double-sided opening system. In black and suitable for all BMW roof rack systems.

### 3 Roof box 350

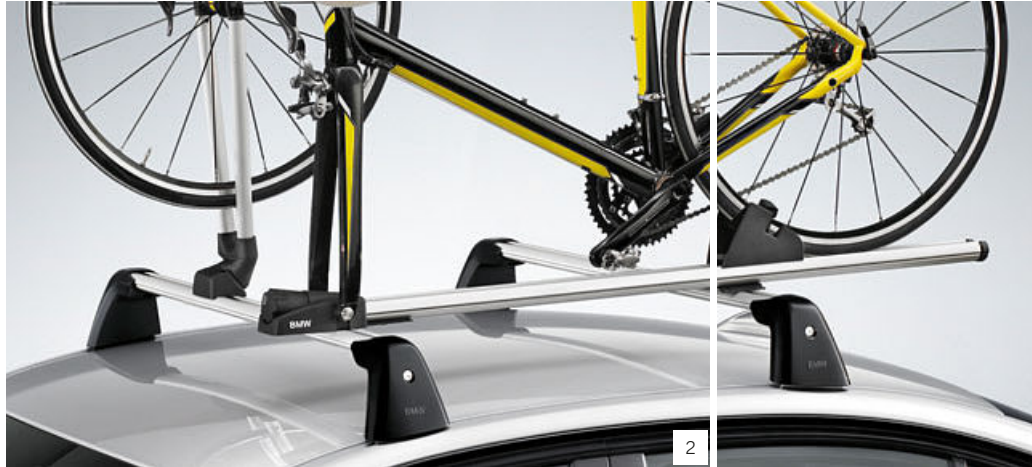

The contemporary, short version of the roof box in silver has a capacity of 350 litres and is compatible with all BMW roof rack systems. Thanks to the innovative opening system and triple central locking on both sides, it is extremely easy to load and protected from theft.

### 4 Roof box 320

For up to five pairs of skis and compatible with all BMW roof rack systems. With a two-sided opening system and triple central locking on each side.

**1 Touring cycle holder, lockable**  
High-strength, lockable touring cycle holder for the secure transport of a racing, touring, child's or mountain bike up to a maximum of 22.5kg.

**2 Racing cycle holder, lockable**  
The lockable racing cycle holder enables the secure transport of racing bikes with the quick-release wheel system. It is made of high-strength aluminium and features a simple clamping method for attaching the bicycles. A separate front wheel holder is also available.

**3 Ski and snowboard holder, lockable**  
The lockable ski and snowboard holder is compatible with all BMW roof rack systems and can be used in a variety of ways. Up to six pairs of skis, four pairs of skis with ski poles or two snowboards and two pairs of skis with poles can be securely transported on the car roof.

**4 Luggage rack**  
The luggage rack offers the flexibility of extra storage space. It is made of highly robust, anodised aluminium, it's lockable and precisely matched to BMW roof rack systems. As well as being easy to mount and use, it also stands out with its attractive design.

**5 Surfboard holder**  
The holder features an innovative attachment system that makes it particularly easy to handle. It can be used to securely mount a surfboard and mast on all BMW roof rack systems.

**6 Trailer tow hitch with fully electric swivelling tow bar**  
The trailer tow hitch with electric swivelling tow bar can be easily extended and retracted at the touch of a button, without any need for manual intervention. The electric tow hitch is also suitable for mounting bicycle racks and folds out of sight beneath the bumper when not in use.

**6 Pro 2.0 rear bicycle rack for tow ball**  
Lighter and more robust rear bicycle rack for up to two bicycles/ e-bikes (extendable to three bicycles). Can carry up to 60kg and folds into a compact size.

**7 Pro rear bicycle rack for click-on system**  
The Pro rear bicycle carrier for the click-on system is for vehicles without a tow hitch. Easy to mount and stable, it allows for the secure transport of up to three bicycles or e-bikes while maintaining convenient access to the luggage compartment thanks to an integrated folding function.

1

**1 Ski and snowboard bag**

The ski and snowboard bag allows up to four pairs of skis or three snowboards to be transported in the vehicle's interior and is available in various designs. For optimal safety, the bag must be attached to available fastening points using the lashing straps, which include carabiner hooks.

**2 Luggage compartment mat, fitted**

The durable, anti-slip, water-resistant mat with its raised border on all sides protects the luggage compartment from dirt and moisture. Different versions are available and all blend in perfectly with the luggage compartment.

**3 Loading sill mat**

The durable mat protects the loading sill during loading and unloading as well as the luggage compartment from scratches and dirt. It is attached to the rear fastening points using moveable velcro strips and can also function as an anti-slip matt for the luggage area.

**4 Luggage compartment restraint belts**

Thanks to highly tear-resistant luggage compartment lashing belts, the storage space can be divided to suit individual needs. The belts can be quickly attached to the rails, then slid into place to prevent luggage from shifting.

**5 Adaptive attachment system**

The Adaptive attachment system consists of a dividing element and two belts. It is mounted to the lashing rails and holds lighter items of luggage in place. It can also be used to partition the luggage compartment. Finished in black and aluminium, it perfectly matches the interior.

**6 Luggage compartment floor net**

The luggage compartment floor net quickly and easily prevents loose baggage and smaller objects from shifting in the luggage area. The black netting with integrated S-hooks is easily secured to the luggage compartment's built-in fastening points so it's always ready for use.

**7 Folding box**

The folding box has a capacity of up to 20kg and can be used to store smaller items or as a shopping crate. It can be effortlessly folded and unfolded thanks to Velcro strips, is slip-resistant and can be easily stored away to save space when not in use. Available in black, black/red and black/beige.

**8 Protective rear cover**

The protective rear cover helps keep the rear seats free of dirt. Recesses for safety belts and buckles also make it the perfect accessory when travelling with dogs, for example. A dividing panel, which can be used when passengers are on board or you are carrying baggage, is also available.

**9 Travel set**

The travel set comprises a cabin-size trolley case and a carry-on bag, which can be used to create extra storage space on the rear seat. The luggage can be transported individually or stacked and then secured with the safety belts. They also feature locks to prevent theft.

9

# MORE SPORTY PERFORMANCE FOR YOUR BMW.

BMW M Performance Parts are the direct product of over 80 years of BMW motorsport passion – a passion that uses modern, high-tech materials such as carbon and titanium to reduce weight and increase stability, for even greater driving pleasure.

To find out which BMW M Performance Parts are perfect for your BMW, go to [bmw.com/mperformance](http://bmw.com/mperformance) or directly to your BMW Service Partner, who will be able to offer you the latest BMW M Performance Parts brochure.
