ENGINE HIGHLIGHTS OF THE NEW BMW 3 SERIES TOURING.

BMW 330i BMW TwinPower Turbo 4-cylinder petrol engine with 190 kW (258hp) and 400Nm torque ¹ Acceleration 0–100 km/h: 5.9 s ¹ Top speed: 250 km/h ² Combined fuel consumption: 6.8–7.6 l/100 km Combined CO ₂ emissions: 155–173 g/km	BMW M340i xDrive ⁴ BMW TwinPower Turbo 6-cylinder petrol engine with 275 kW (375 hp) and 500 Nm torque ¹ Acceleration 0–100 km/h: 4.5 s ¹ Top speed: 250 km/h ² Combined fuel consumption: 7.1–7.5 l/100 km ¹ Combined CO ₂ emissions: 162–170 g/km ¹
---	--

- The **Standard suspension** with double-joint spring-strut front axle and five-arm rear axle offers a high level of precision, agility and comfort.

□ The **M Sport suspension^{3,*}** is set approximately 10 mm lower and features more athletic settings.

□ The lowered **Adaptive M suspension*** with variable shock absorber adjustment offers the choice between comfortable and sporty suspension design.
- The **M sport differential^{3,*}** optimises traction and driving stability when driving dynamically or on different road surfaces.

□ The powerful **M Sport brake^{3,*}** features large brake discs and exclusive blue-painted brake callipers with the M logo.

■ For maximum traction, driving dynamics and safety, the BMW **xDrive** all-wheel drive system provides variable drive power distribution to the front and rear axles.

AERODYNAMICS

■ Thanks to targeted aerodynamic measures, every BMW boasts excellent air resistance figures. This has a positive impact on efficiency and driving stability, and reduces the level of noise in the interior. This is thanks to sophisticated solutions such as the Active air stream kidney grille, the flat underbody cover, the Air Blades on the rear or the Air curtain in the front apron.

DRIVING EXPERIENCE CONTROL

■ Driving Experience Control offers the driver the choice between the standard COMFORT mode, the more efficient ECO PRO mode, and the SPORT and SPORT+ modes, for an even more dynamic drive. The optional interactive Adaptive Mode function continuously adjusts the adaptive suspension, the steering and the Steptronic transmission to suit the current driving situation.

ACTIVE AIR STREAM KIDNEY GRILLE

■ The Active air stream kidney grille opens and closes the air vents in the radiator grille according to the cooling requirements of the engine and the air conditioning. The movable vents are located behind the kidney grille slats and at the same time reduce air resistance when closed, thereby improving aerodynamics.

BRAKE ENERGY REGENERATION

■ With Brake Energy Regeneration, the alternator generates electricity primarily when you brake or take your foot off the accelerator. Previously unused kinetic energy is thereby transformed into electrical energy and fed into the battery.

8-SPEED STEPTRONIC SPORT TRANSMISSION.

□ The 8-speed Steptronic Sport transmission offers incredibly sporty gear changes. Whether automatic or manual using gearshift paddles or gear lever – for comfortable coasting or incredibly dynamic driving. In SPORT mode and with the gear lever in the left-hand S/M position, the gear shifts are configured for the best performance.

INTELLIGENT AUTOMATIC START/ STOP FUNCTION

□ The Intelligent Auto Start Stop function uses data from the navigation system, camera and radar-based systems to analyse the current traffic situation. If it is detected that further travel is imminent (e.g. during a turning manoeuvre), the engine is not automatically switched off when the vehicle stops.

¹ Provisional figures; any missing figures were unavailable at the time of publication.
² Electronically limited.
³ Standard for M340i xDrive.
⁴ Available from 11/2019.
* The availability of some equipment features and functions depends on engine variants or additional options. The market and production availability may vary. You can find detailed information about terms, standard and optional equipment at www.bmw.com or from your BMW Partner.

DRIVER ASSISTANCE.

BMW Personal CoPilot. By your side, when you decide.

□ **Driving Assistant Professional^{1,*}** offers optimum comfort and maximum safety during lots of critical or monotonous driving situations with Steering and lane control assistant incl. support in narrow places, Emergency Stop Assistant, local hazard warning, Lane Keeping Assistant with active side collision protection and other safety functions.

□ **Active cruise control with Stop&Go function*** maintains within a speed range of 30 to 160 km/h a pre-defined distance from the vehicle ahead, including stopping and restarting in stop-and-go traffic. Speed Limit Assist allows the takeover of speed limits in the cruise control. The front collision warning with braking intervention reacts to stationary vehicles, pedestrians and cyclists.

□ The **Steering and lane control assistant* incl. support in narrow places** can be activated to support you in monotonous traffic situations. At speeds of up to 210 km/h on all road surfaces with Active cruise control, the system conveniently supports steering and keeps the vehicle in the centre of its lane.

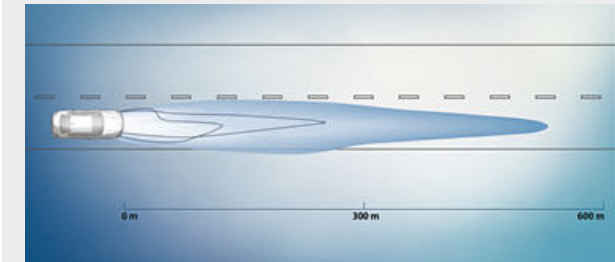

□ **Parking Assistant Plus*** makes parking and manoeuvring the vehicle easier. It features among others the Surround View system including Top View, Panorama View, Remote View 3D , as well as a lateral parking aid, the emergency braking function Active Park Distance Control, Parking Assistant with linear guidance and Reversing Assistant.

□ The **Lateral parking aid*** is a part of Park Distance Control and gives you an “all-round view” near the vehicle during manoeuvring. In this way, obstacles on the sides of the vehicle are detected and signalled audibly and visually.

□ The **Reversing Assistant*** stores the last 50m of the driven path in forward travel up to 35 km/h, so that it can be retracted if required. You are relieved of the steering work and can concentrate on monitoring the vehicle environment.

SAFETY.

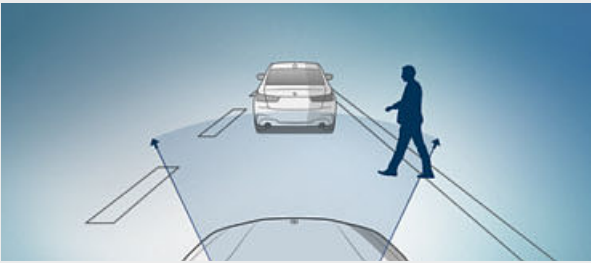

■ Standard equipment □ Optional equipment

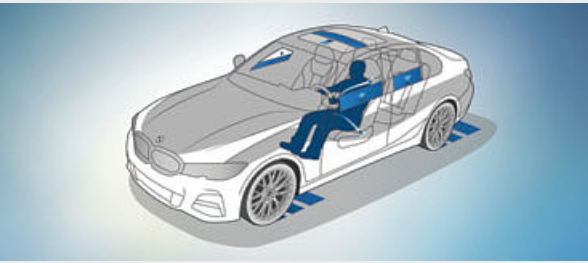

□ The Adaptive **BMW Laserlight** extends the maximum illumination range in high-beam mode to up to 530 m.

□ The **Crossing traffic warning rear*** warns you of crossing traffic when pulling out of perpendicular parking spaces.

■ **Active Guard** includes the front collision warning with braking function and Lane Departure Warning.

□ The preventive occupant protection **Active Protection** takes precautions in critical situations.

¹ Function may be limited in darkness, fog or bright glare.

The Standard and Optional equipment may differ between countries. Please consult your local BMW partner for more information.
*The availability of some equipment features and functions depends on engine variants or additional options. The market and production availability may vary.
You can find detailed information about terms, standard and optional equipment at www.bmw.com or from your BMW Partner.

CONNECTIVITY AND INFOTAINMENT.

BMW ConnectedDrive Connected to be free.

BMW INTELLIGENT PERSONAL ASSISTANT

☐ 'Hey, BMW. Who are you?' Wouldn't it be incredible if your BMW also came with a personal assistant? Communicate with your vehicle using the BMW Intelligent Personal Assistant*. It knows you, gets better every day and helps out whatever the situation. You can assign your own personal activation word. It can explain everything about your car and helps you to get to know your BMW even better.

CONNECTED PACKAGE PROFESSIONAL

☐ Concierge Service, Remote Services, Apple CarPlay® preparation, In-Car Experiences or the Connected Navigation services Real Time Traffic Information and parking space assistant? Why order them individually? Get them all! With the Connected Package Professional*, you can enjoy these BMW ConnectedDrive services as well as free additional services to test.

CARING CAR

☐ Arrive with fresh energy? Relax when stressed? No problem with Caring Car*. When you say, 'Hey, BMW. I'm tired,' or 'Hey, BMW. I'm feeling stressed,' your BMW Intelligent Personal Assistant will launch the Vitalize or Relax programme. Both stimulate your senses by coordinating the interplay of various interior functions.

BMW LIVE COCKPIT PROFESSIONAL

☐ The BMW Live Cockpit Professional* with navigation function includes a high-quality display network consisting of a high-resolution 10.25" Control Display that can be operated by touch and a fully digital 12.3" instrument display. The BMW Operating System 7.0 can also be operated via the iDrive Controller.

BMW DIGITAL KEY

☐ Why take your key with you if you have your Android smartphone with you? The Digital Key^{1,*} or Key Card allows you to lock and unlock your BMW and even start the engine without needing a physical key. It can be downloaded to your Android smartphone using the BMW Connected app and shared with family and friends.

REMOTE SOFTWARE UPGRADE

☐ Do you want your BMW to be up to date with the latest software? With Remote Software Upgrade*, your BMW will always be up to date – without having to visit your BMW service partner. Upgrades are installed over-the-air, just as they are for your smartphone. In this way, other functions in your vehicle can also be activated.

¹ Prerequisite is a BMW ConnectedDrive account and a compatible smartphone with Android operating system, NFC technology and integrated secure element.
* Only compatible with selected Android smartphones with Android 8.0 or higher. For customers with non-compatible smartphones, a high-quality key card is provided. Some ConnectedDrive Services may differ between countries. Please consult your local BMW partner for more information.

COMFORT AND FUNCTIONALITY.

Innovation and technology 22 | 23

■ Standard equipment □ Optional equipment

■ The **Through-loading system** includes rear seat backrests that can be divided in a 40:20:40 ratio for the greatest possible flexibility. For example, two passengers can be seated comfortably in the rear, while long objects such as ski and snowboard bags can be transported at the same time. The two cupholders in the centre armrest are very practical.

☐ In addition to the electric remote backrest unlocking, the **Luggage-compartment package** also includes practical slide and anti-slip rails for easy loading into the luggage compartment or for securing heavy items of luggage during the journey.

■ The **child seat ISOFIX attachment** allows the secure attachment of one or two ISOFIX child seats.

■ **Personal Profile** saves all the driver's personal settings. When the vehicle is opened, the settings for the driver seat, exterior mirror position and automatic air conditioning (temperature and air distribution) are automatically restored. The profile can be transferred to other BMW vehicles with suitable equipment via BMW Online or a USB stick.

■ The **rear window, which can be opened separately**, is particularly practical for stowing or removing smaller pieces of luggage without having to open the entire tailgate.

The Standard and Optional equipment may differ between countries. Please consult your local BMW partner for more information.
* The availability of some equipment features and functions depends on engine variants or additional options. The market and production availability may vary. You can find detailed information about terms, standard and optional equipment at www.bmw.com or from your BMW Partner.

BASE.

information about terms, standard and optional equipment at www.bmw.com or from your BMW Partner.

BMW M340i xDrive.

The new BMW M340i xDrive Touring.

You will feel, hear and see the difference: The new BMW M340i xDrive Touring¹ boasts a characteristic M TwinPower Turbo 6-cylinder petrol engine, whose 275 kW (374 hp) catapults the vehicle in just 4.5 seconds from a standstill to 100 km/h². The specifically tuned M Sport suspension as well as the sensitive Variable sport steering guarantee a particularly dynamic steering and cornering performance as well as absolute control. The design also makes clear statements in terms of dynamics: From the BMW kidney grille with mesh design to the double-flanged tailpipes, from the M leather steering wheel to the ergonomic Sport seats, numerous details add to the powerful character of the new BMW M340i xDrive Touring and spread a true racing feeling in everyday life. Enjoy every metre – in the new BMW M340i xDrive Touring.

□ The all-digital instrument cluster creates an adrenaline-loaded ambience with its exclusive “M340i” model designation, which is further enhanced by the M leather steering wheel with gearshift paddles.

■ The model designation of the M340i xDrive can be found on the right side of the tailgate and is designed in Cerium Grey.

■ The door sill finisher at the front with the “M340i” model designation conveys sporty elegance when the doors are opened.

■ The 8-speed Steptronic Sport transmission offers incredibly sporty gear changes. Whether automatic or manual using gearshift paddles or gear lever.

¹ Expected to be available from 11/2019.
² Provisional figures. Any missing figures were unavailable at the time of publication.

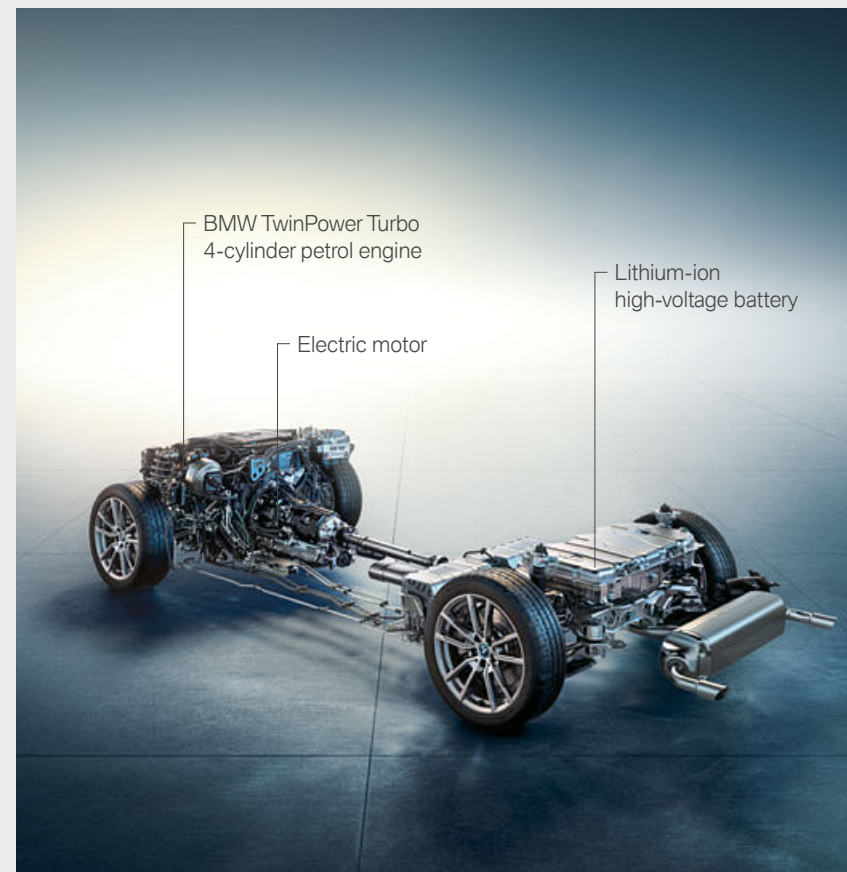

BMW 330e.

The new BMW 330e plug-in hybrid Touring.

■ Standard equipment □ Optional equipment

The BMW 330e³ with its state-of-the-art plug-in hybrid drive meets the highest demands of driving dynamics and efficiency. The combination of the eDrive electric motor and four-cylinder petrol engine provides exhilarating driving performance and driving pleasure typical of the brand. In pure electric mode the vehicle is even free of local emissions on the road.

■ In eDrive drive, the drive modes HYBRID, ELECTRIC, and BATTERY CONTROL can be selected using specific control buttons.

■ The vehicle can be conveniently charged at home at a special wallbox or with the specially designed charging cable supplied.

³ Expected to be available from 07/2020.

BMW INDIVIDUAL.

THE EXPRESSION OF PERSONALITY.

The paint finish BMW Individual Frozen Dark Grey metallic accentuates the sporty character of the new BMW 3 Series Touring. A special pigmentation embedded within the multi-layer painting process produces the characteristic silk-matt gloss of the surface.

Carefully preselected, finest premium leather is the basis for the BMW Individual full leather trim 'Merino' Ivory White. The elaborate natural tanning gives it a particularly soft and pleasant feel.

In the interior, selected trim finishers such as the interior trim finishers BMW Individual Aluminium fabric high-gloss set extraordinary accents that attract attention and demonstrate a sense of something special.

If someone decides, then you: BMW Individual offers you all the options to customise the new BMW 3 Series Touring according to your personal wishes, with the degree of customisation entirely up to you. Add your personal driving experience to the typical BMW driving pleasure. Choose what suits you the most from particularly high-quality equipment options: Exclusive BMW Individual paint finishes that show style and confidence. Soft, voluminous leather trims and interior trim finishers made of fine woods, which turn the interior into your personal comfort zone. Or go your very own way, only following your ideas – BMW Individual ensures that they become an automotive reality.

ADDITIONAL EQUIPMENT.

Discover even more with the new BMW Brochures app. Available now, for your smartphone and tablet.

■ Standard equipment □ Optional equipment

■ Automatic tailgate operation allows the convenient opening and closing of the tailgate by simply pressing the relevant button.

□ Contactless opening and closing of the tailgate* is part of the Comfort access system. In situations where the user's hands are full, all that's necessary is a targeted motion of the foot under the rear bumper and the process is carried out conveniently and automatically. They just need to be carrying the vehicle key with them.

□ The Adaptive LED headlights with cornering lights generate a bright and efficient bi-LED light for low and high-beam headlights. The bend lighting and cornering lights with LED technology allow for adaptive light distribution with increased side illumination for city driving. The LED daytime running lights and parking lights in the light tubes of the main headlights create a distinctive feature characteristic of a BMW.

□ The Trailer tow hitch¹ with electrically adjustable tow ball and trailer stability control is approved for heavy loads of up to 1,800 kg.

□ The BMW Individual high-gloss Shadow Line with extended contents* includes the kidney grille frame and the BMW kidney grille in black high-gloss and tailpipe trims in Black Chrome.

□ In addition to the electric remote backrest unlocking, the Luggage-compartment package also includes practical slide and anti-slip rails for easy loading into the luggage compartment or for securing heavy items of luggage during the journey.

■ The rear lights with their characteristic L-shape and lighting elements in full LED technology identify the vehicle as a BMW even in the dark.

□ Your car key? No need for that anymore. The Digital Key^{2,*} exists on your Android smartphone, and you can share it with friends.

□ The BMW Individual Exterior Line in Aluminium satinated* sets luxurious highlights with the window recess finishers and window surrounds in silk matt brushed aluminium. The B-pillar trims, the exterior mirror frames, foot and base, along with the vertical window guides, come in black high-gloss, creating a stylish contrast to these elements.

■ The rear window, which can be opened separately, is particularly practical for stowing or removing smaller pieces of luggage without having to open the entire tailgate.

□ The Storage compartment package includes a hinged compartment on the driver's side of the instrument panel, nets on the back of the front-seat backrests, as well as two USB ports with charging function in the rear centre console. There is also an extra storage net on the right side for smaller items and a tensioning belt on the right side.

□ The Roof rails in Aluminium satinated match perfectly with the vehicle's design and provide the base for a multifunctional BMW roof rack unit to which roofboxes, bicycles, surfboards etc. can be secured.

□ The BMW Individual roof rails high-gloss Shadow Line* in Black high-gloss adds a premium-quality touch. Lying flat on the roof, it forms the basis for a multifunctional BMW roof rack unit that carries a roofbox, bicycles, surf boards etc. easily and securely.

¹ Available as optional equipment.
² Prerequisite is a BMW ConnectedDrive account and a compatible smartphone with Android operating system, NFC technology and integrated secure element. Only

compatible with selected Android smartphones with Android 8.0 or higher. For customers with non-compatible smartphones, a high-quality key card is provided.

*The availability of some equipment features and functions depends on engine variants or additional options. The market and production availability may vary. You can find detailed information about terms, standard and optional equipment at www.bmw.com or from your BMW Partner.

Some ConnectedDrive Services may differ between countries. Please consult your local BMW partner for more information. The Standard and Optional equipment may differ between countries. Please consult your local BMW partner for more information.

ADDITIONAL EQUIPMENT.

Discover even more with the new BMW Brochures app. Available now, for your smartphone and tablet.

■ Standard equipment □ Optional equipment

□ The large, full-colour BMW Head-Up Display¹* projects all information relevant to the journey directly into your field of vision, allowing you to fully concentrate on driving. Information such as the current speed, navigation directions, Speed Limit Info including no-overtaking indicator, along with telephone and entertainment lists are displayed.

□ Ambient light, including Ambient contour lighting in the front and rear doors, creates a relaxed, cosy lighting atmosphere in the interior. The six dimmable lighting designs also include a dynamic function in four applications. The Welcome Light Carpet illuminates the area in front of the vehicle doors when entering and exiting.

□ Concierge Service, Remote Services, Apple CarPlay[®] preparation³, In-Car Experiences or the Connected Navigation services Real Time Traffic Information and parking space assistant? Why order them individually? Get them all! With the Connected Package Professional*, you can enjoy these BMW ConnectedDrive services as well as free additional services to test.

□ Do you want your BMW to be up to date with the latest software? With Remote Software Upgrade*, your BMW will always be up to date – without having to visit your BMW service partner. Upgrades are installed over-the-air, just as they are for your smartphone. In this way, other functions in your vehicle can also be activated.

□ The BMW Live Cockpit Professional* with navigation function includes a high-quality display network consisting of a high-resolution 10.25" Control Display that can be operated by touch and a fully digital 12.3" instrument display. The BMW Operating System 7.0 can also be operated via the iDrive Controller.

□ Telephony with wireless charging incorporates a wireless charging² dock and a second microphone for a better hands-free voice quality for you and your front passenger. A roof aerial connection improves mobile reception. Two mobile telephones and an audio player can be connected simultaneously via Bluetooth. Also included is the technical capacity for a WiFi hotspot.

□ When open, the Panorama glass roof provides a great deal of fresh air. Closed, it creates a bright, light-flooded atmosphere in the interior. It opens and closes completely automatically at the push of a button or with the vehicle key, and is equipped with slide and lift functions, electric roller sunblind and wind deflector.

□ The Reversing Assistant* stores the last 50m of the driven path in forward travel up to a speed of 35km/h, so that it can be retracted if required.

□ Parking Assistant Plus* makes parking and manoeuvring the vehicle easier. It features among others the Surround View system including Top View, Panorama View, Remote View 3D, as well as a lateral parking aid, the emergency braking function Active Park Distance Control, Parking Assistant with linear guidance and Reversing Assistant.

□ The tonally outstanding Harman Kardon surround sound system* features a 464W digital amplifier, nine channels and 16 speakers. Its sophisticated sound perfectly fills the interior space. Vehicle-specific, speed-dependent equalising precisely compensates for any background driving noise.

■ The Through-loading system includes rear seat backrests that can be divided in a 40:20:40 ratio for the greatest possible flexibility. For example, two passengers can be seated comfortably in the rear, while long objects such as ski and snowboard bags can be transported at the same time. The two cupholders in the centre armrest are very practical.

¹ The information in the BMW Head-Up Display is not fully visible when viewed through polarised sunglasses. Content shown will depend on the equipment options chosen. Further optional equipment is required to display specific items.
² Supports inductive charging for Qi-compatible mobile phones. Special charging cases are available from Original BMW Accessories for selected smartphones that do not

support the Qi standard for inductive charging. The WiFi hotspot fulfils all in-vehicle requirements for use of the internet with the maximum LTE standard. Usage is subject to cost.
³ Apple CarPlay[®] compatibility and supported functions depend on the model year and the software installed on the iPhone[®]. When the Apple CarPlay[®] preparation is in use, selected vehicle data is transferred to the phone. The mobile phone manufacturer is responsible for further data processing..

*The availability of some equipment features and functions depends on engine variants or additional options. The market and production availability may vary. You can find detailed information about terms, standard and optional equipment at www.bmw.com or from your BMW Partner.

WHEELS AND TYRES.

Discover even more with the new BMW Brochures app. Available now, for your smartphone and tablet.

□ 17" light alloy wheels V-spoke style 775 Bicolour Orbit Grey, burnished, wheel size 7.5J x 17 with 225/50 R17 tyres.

■ 17" light alloy wheels V-spoke style 778 Reflex Silver, wheel size 7.5J x 17 with 225/50 R17 tyres.

□ 18" light alloy wheels Double-spoke style 782 Bicolour Orbit Grey, burnished, 7.5J x 18 with 225/45 R18 tyres.

□ 19" M light alloy wheels Double-spoke style 791 M Jet Black uni with mixed tyres and runflat tyres¹, burnished, front 8J x 19 with 225/40 R19 tyres, rear 8.5J x 19 with 255/35 R19 tyres.

□ 19" M light alloy wheels Double-spoke style 792 M Bicolour Cerium Grey with mixed tyres and runflat tyres²*, burnished, front 8J x 19 with 225/40 R19 tyres, rear 8.5J x 19 with 255/35 R19 tyres.

□ 19" BMW Individual light alloy wheels Double-spoke style 793 in Bicolour Orbit Grey with mixed tyres and runflat tyres, burnished, front 8J x 19 with 225/40 R19 tyres, rear 8.5J x 19 with 255/35 R19 tyres.

¹ Only available in conjunction with M Sport package and M340i xDrive.
² Only available for M340i xDrive.
* The availability of some equipment features and functions depends on engine variants or

additional options. The market and production availability may vary. You can find detailed information about terms, standard and optional equipment at www.bmw.com or from your BMW Partner.

ORIGINAL BMW ACCESSORIES.

■ Standard equipment □ Optional equipment ○ Accessories

○ The BMW rear bicycle rack Pro 2.0 is lightweight yet sturdy and can carry up to 60 kg. Outstandingly easy to handle, it can transport two bicycles or e-bikes (can be extended to accommodate three bicycles). Its tilt function allows easy access to the luggage compartment at any time.

○ The universal holder is adjustable in terms of size and is attached to the separately available basic carrier or to the optional equipment "Travel & Comfort". It provides a secure hold for a wide range of Apple or Samsung tablets with BMW safety case from 7" to 11". It can be rotated by 360° and locked in any desired inclination.

○ The modern BMW roof box in black with titanium silver side panels has a storage capacity of 420 litres and is compatible with all BMW roof rack systems. Due to the fact that it can be opened from both sides and has triple central locking on each side it is convenient to load and lock for theft protection.

○ Precisely fitted protection against moisture and dirt in the front footwell. Featuring a black design with a stainless steel inlay, they perfectly complement the interior.

○ Anti-slip, water-resistant mat for protecting the luggage compartment from dirt and moisture. In black with stainless steel inlay matching the interior.

○ High-quality 18" M Performance light alloy wheel Double-spoke style 796 M in Jet Black matt. TPMS winter complete front wheel with run-flat mixed tyre.

○ This innovative vehicle interior mirror incorporates an adaptive universal remote control for up to three garage doors and property gates.

Discover the wide range of innovative solutions available for the exterior and interior, communication and information, and for transportation and the luggage compartment. Your BMW Partner is on hand to advise you on the whole range of Original BMW Accessories. For more information, visit www.bmw.com

The figures for performance, fuel consumption and CO₂ emissions refer to vehicles with standard transmission. Figures in [] are for vehicles with Steptronic transmission.

¹ The EC unladen weight refers to a vehicle with standard equipment and does not include any optional extras. The unladen weight includes a 90 % full tank and a driver weight of 75 kg. Optional equipment may affect the weight of the vehicle, the payload and the top speed if the selected equipment has an impact on the vehicle's aerodynamics.

² The actual total weight of the trailer must not exceed the maximum trailer load, taking into account the maximum tow bar download.

³ Performance data of petrol engines apply to vehicles using RON 98 fuel. Fuel consumption data apply to vehicles using reference fuels in accordance with EU Regulation 2007/1715. Unleaded RON 91 and higher with a maximum ethanol content of 10 % (E10) may also be used. BMW recommends RON 95 super unleaded petrol.

⁴ Range depends on various factors. In particular: personal driving style, route characteristics, exterior temperature, heating/air conditioning, pre-conditioning.

⁵ Dependent on the local electricity infrastructure. Charging time corresponds to a 100 % charge of maximum capacity.

⁶ The data for fuel consumption, CO₂ emissions and energy consumption are determined in accordance with the measurements processes as defined by European Regulation (EU) 2007/1715 in the applicable version. Data refer to a vehicle with base-level equipment in Germany, and the ranges account for differences according to the selected wheel and tyre size and the optional equipment and may change during the configuration process. Figures have been determined on the basis of the new WLTP test cycle. [For these vehicles, values other than those specified here may apply for the assessment of taxes and other vehicle-related charges that are (also) based on CO₂ emissions].

⁷ The combined energy consumption depends on the selected wheel and tyre sizes.

⁸ EAER (equivalent all electric range).

⁹ ECAC (charge-depleting electric consumption).

¹⁰ Electronically limited.

¹¹ 135 kW combustion engine + up to 83 kW electric drive.

¹² Provisional figures; any missing figures were unavailable at the time of publication.

¹³ Planned availability: 11/2019.

¹⁴ Planned availability: 07/2020.

¹⁵ Optionally available.

BMW 330i TOURING WITH M SPORT PACKAGE:

BMW TwinPower Turbo 4-cylinder petrol engine, 190 kW (258 hp), 19" BMW Individual light alloy wheels Double-spoke style 793 I Bicolour with mixed tyres, exterior colour in Dravite Grey metallic, Sport seats for driver and front passenger in leather 'Vernasca' Oyster decor stitching, fine-wood trim oak grain open-pored.

The models illustrated in this brochure show the equipment and configuration options (standard and optional) for vehicles produced by BMW AG for the German market. Alterations in standard and optional equipment and the configurations available for the different models, as described in this brochure, may occur after 29/04/2019, the date when this brochure went to press, or according to the specific requirements of other markets. Your local BMW Partner is available to provide further details. Subject to change in design and equipment.
